Iso2bootexe

iso2bootexe.exe - download and install This file is currently blacklisted in Windows Update. Why is it blacklisted? It's not because he's bad. This is because it has not been approved by Windows Update. However, we want it to be installed. How can we do this? It's very simple. 1. Download iso2bootexe.exe and save it to your desktop. 2. Open the folder where you saved iso2bootexe.exe. 3. Click on the iso2bootexe.exe file and it will open as a window. 4. Select "Install ISO 2" for dd2bc28256
